INTRODUCTION
AND
GENERAL INDEX

- - - - -

R. L. POLK & CO., publishers of more than 1,400 other city, county, state and national Directories, present to subscribers and the general public, this, the 1969 edition of the Santa Rosa City Directory.

Confidence in the growth of Santa Rosa's wealth, industry and population, and in the advancement of municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Santa Rosa and vicinity to the world.

The enviable place occupied by R. L. POLK & CO.'S Directories in offices, stores, libraries and homes throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Santa Rosa Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Santa Rosa, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Santa Rosa is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Santa Rosa and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a

business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Santa Rosa, for businessmen, everywhere, realize that the City Directory represents a community as it really is.

The Directory Library

Through the courtesy of the publishers of the Santa Rosa Directory, a Directory Library is maintained in the offices of the Chamber of Commerce for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

"THE CITY DESIGNED FOR LIVING"

(Courtesy Chamber of Commerce)

Statistical Review

Form of Government--City Council, City Manager.

Population—48,450 (1968 State Dept. of Finance). Metropolitan area, (estimate).

Area--18.7 square miles.

Altitude—167.

Parks--15, containing 258 municipally owned acres.

Financial—(16) banks. 6 savings and loans and 16 investment securities.

Post Office Receipts--1968 - $2,386,693.24.

Telephone Lines in Service--Nov. 1968 - 54,791.

Building Permits for 1968--Number of permits, 1,588; $18,064,486.

Hotels--4 first class hotels-motels, with total of 504 rooms (in city limits).

Theatres--5 theatres seating from 550 - 2,000 each, 3 drive-in theatres.

Education--19 elementary schools, 4 junior highs, 3 senior highs, 1 Junior College, Cardinal Newman Boys High School, Ursuline High School, St.-Rose and St. Eugene's Parochial and Seventh-Day Adventist, also Burbank Business College and Empire College of Commerce, Santa Rosa Beauty College and Redwood Empire Beauty Academy.

Public Libraries--New Central Library Santa Rosa - Sonoma County Public Library. Branch-Montgomery Village; Coddingtown Center.

Junior College--Fourteen handsome buildings together with athletic units comprise the instructional facilities provided on a beautiful 78 acre oak-studded campus. These include three general classroom buildings, a theatre with wings for music and dramatics, gymnasium for men and women together with related instructional rooms, an engineering building a library and general classroom structure, a shop and mechanics building with separate museum, a business education structure, a maintenance compound, and an administration building. In addition to the gymnasium the athletic facilities include a football stadium, an all weather track, 8 tennis courts, a baseball diamond, a hockey field, a putting green, and a practice field. Enrollment, day - 3,684; Evening College 4,568.

Sonoma State College--(4 year). Located 7 miles south of Santa Rosa in Rohnert Park. Offering junior and senior level courses leading to bachelor's degree in elementary education and general elementary teaching credentials. In September 1962, the first freshman class was admitted. Over 4,000 citizens a year attend adult education courses covering practically all subjects at the various schools and colleges. The school when fully completed will have an ultimate capacity of 15,000. Enrollment - 1968-69, 2,980 students.

General Review

Location--The City of Santa Rosa is situated 52 miles north of San Francisco over the Golden Gate Bridge, on the world famous Redwood Highway U. S. 101, which gives access to all the counties of northern California making up the Redwood Empire. Santa Rosa is twenty-one miles from the Pacific Ocean and fifteen miles from the Russian River.

Altitude--One hundred and sixty-seven feet above sea level.

Climatic Conditions--Santa Rosa has an ideal moderate climate, summer and winter. Warm and dry from April to October, summer trade breezes from the Pacific Ocean prevent hot spells and insure cool evenings. Year around average temperature, 57.6 degrees, average rainfall, 29.95 inches.

Churches--All leading religious denominations are represented and conveniently located both downtown and in the residential districts. Edifices vary from old and lovely traditional to the latest of modern functional. Church spires rise to dominate the comfortable community scene.

Schools--Santa Rosa's schools, 19 elementary, 4 junior high and 3 senior high, 1 Junior College, 1 parochial girls high school and 1 parochial boys' high school, are ranked high in the United States.

One of the world's finest and most modern hospitals is located in Santa Rosa—the 183-bed Santa Rosa Memorial Hospital. It joins the modern 261-bed Community Hospital of Sonoma County and the 60-bed privately owned Santa Rosa General Hospital to provide facilities that have attracted leading physicians from a wide area, who now live and practice in Santa Rosa. Medical facilities usually found only in large cities are available to Santa Rosans because of the splendid hospital system, including Warrack Hospital and Sonoma County Blood Bank. Numerous medical clinics and private medical offices surround the beautiful Memorial Hospital. In 1962 the non-profit Paul B. Kelly Cardiopulmonary Institute was constructed. Santa Rosa is the major merchandising, medical and services center for the Redwood Empire Counties of Lake Mendocino, Sonoma and part of Napa (Est. population 250,000).

Industry—It is only recently that industry discovered Santa Rosa. More and more manufacturing plants are moving into this area, because of its strategic location as the gateway to the entire Redwood Empire and proximity to San Francisco-Oakland Bay Area (50 miles); because of the fine labor conditions existing here, where most workers are permanent and own their own homes and because of the low operating cost as compared with large industrial areas. Such industries as shoe factories, furniture manufacturing, feed, garment and special disintegrating machinery, manufacturing, wineries, brewery, brass foundry, ,chemicals, space age instruments, insecticides, etc., pour thousands of dollars each month into the pockets of Santa Rosa workers. Santa Rosa is also a distributing center for nationally manufactured articles. Over seven hundred sales representatives of national firms make their headquarters here.

5,000 watts, 1350 KC radio station KSRO was established in 1937, studio is in the Flamingo Hotel. 1,000 watts, 1460 KC radio station KVRE was established here in 1962 on Bennett Valley Road. KPLS, 5,000 watts 1150 KC radio station in Coddingtown Shopping Center.

Newspapers--Santa Rosa has 2 newspapers, 1 daily evening - The Press Democrat and 1 weekly - The World. The fine editorial staffs and modern equipment make them outstanding in the area they cover.

Agriculture—Santa Rosa lies in the center of a rich agricultural country. In 1968, $78,197,807 worth of agricultural products were marketed and sold. Principal products are apples, apricots, cherries, grapes, peaches, pears, prunes, berries, hops, walnuts, vegetables, seed, poultry, eggs and livestock.

Luther Burbank's Memorial Gardens--One of the best known of our local landmarks is the home and gardens of Luther Burbank. Agriculturists and horticulturists throughout the world have reaped untold benefits from his discoveries. The garden is a national monument as of Arbor Day, 1965. Creator of the Shasta Daisy.

Freight Transportation Facilities—Northwestern Pacific R. R., Pacific Greyhound Lines, Petaluma-Santa Rosa Railroad and Air West, Golden Pacific and Aero Commuter Inc. Passenger—Greyhound Bus and airlines.

Banks—There are 16 banks in Santa Rosa, 6 Exchange Banks, 3 Wells Fargo Co's., 3 Banks of America, United California Bank, Bank of California, Crocker-Citizens National Bank and Lincoln National Bank with deposits totaling over $130,000,000.

Symphony Ochestra—Conducted by Corrick Brown, now in its 35th consecutive season, is known all over the Pacific Coast as an outstanding musical organization.

Sonoma County Fairgrounds—Scene of the annual Sonoma County livestock and agricultural fair, second largest county fair in California, has over three quarter million dollars invested in improvements. Its extensive plant contains a huge exhibition building, farm machinery building, livestock quarters area, grandstand and race track. The annual horse racing purse is the third largest in the state. Scottish games for the entire western area are held here in September.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

"r"—RESIDENT
"h"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Move Up The Right Way

Moving up to a nicer home? Want to move up the right way? Moving estimates can't tell you which mover is the "right" one. But reputation can. Ours, for instance, is based on giving local movers all the gentlemanly care that we give to North American's interstate moves. Same packing material, Same professional packing, loading and unloading. Same storage, too, if you like. For details, Call...

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1. An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2. A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3. A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4. A *"Yellow Section"* or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5. A *Statistical and Historical Story* of your city; plus miscellaneous other information.

EXPLANATION

Wives names are listed with husbands. The name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **HEAVY TYPE** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide and Zip Codes

1969

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to alphabetical list of names.

The symbol ® following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip code numbers are shown immediately following each street description. If a street runs through more than one zone, the new zip code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "no return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

$7.50

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

R. L. Polk & Co.

SERVICES
of R. L. Polk & Co.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,300 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally. Polk also cooperates in maintaining City Directory Reference Libraries in cities throughout the United States and Canada.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping, creative services and fulfillment services.

BANK DIRECTORY

Published semi-annually, Polk's Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.

SPECIAL MAILING LISTS

R. L. Polk & Co. makes available special mailing lists, built from the latest available information. Among unique services provided by the compiler of this City Directory are lists of:

BIRTHS

If you have a product or a service for the baby market you will want to know to whose home new babies have been delivered. Birth lists are available either nationally, or in metropolitan New York and northern New Jersey. The date of birth, name or sex of the child, parents' name, street and city address, and telephone number (if desired) can be provided. Keep up with the baby market through this unique listing service.

ENGAGEMENTS

Names and addresses of brides-to-be . . . of her parents . . . and of the young man in the case . . . are available throughout the country, or in individual states or territories such as metropolitan New York or northern New Jersey. This service is provided weekly. Invaluable information for furniture, clothing and gift merchandisers. Information is provided approximately three months prior to wedding date . . . just when the engaged couple are buying and shopping for their future needs.

HOME BUYERS

To sell merchandise or services to new home buyers you must know who they are and where they live. R. L. Polk & Co. supplies weekly lists of new home owners. The information is available by county in metropolitan New York and northern New Jersey. Advance information is provided for those who have purchased or are building homes for personal occupancy and have not yet taken possession. List data includes present address and phone number, approximate date of removal and location of newly purchased property and price paid.

BUSINESS TENANCY SERVICE

Through R. L. Polk & Co. it is possible to obtain, tri-weekly, advance information concerning new firms about to enter business and established firms who, due to expansion, are about to move. This unique information is available for metropolitan New York and northern New Jersey. Data includes name of the firm, name of a chief executive, the type of business, present address, phone numbers, and the new address.

In addition to these special mailing lists, R. L. POLK & CO. provides mailing lists of more than 7,000 classifications.
